

### Research and decision supporting studies

	<b>Procurer/main sponsor</b>	<b>Description</b>	<b>Output</b>	<b>Partners</b>	<b>Target group</b>
2009	European Climate Foundation	Restrained efficiency Evaluation of the state subsidies of energy reconstruction investments for the public	study, round table, confernce	-	state administration
2009	European Climate Foundation	Subsidized energy waste State subsidies of energy prices towards the public 2003 – 2009	study, round table	-	state administration
2009	European Climate Foundation	Fuel poverty and subsidizing energy prices	study, statement	Red Cross, Habitat for Humanity, Hungarian Maltese Charity Service, City researchers, Protect the Future,	state administration
2009	European Climate Foundation	Fuel Poverty in the EU	study	Central European University, Protect the Future	state administration
2009	OSI-TRUST	Disfunctions in the field of energy and energy policies	study	-	state administration
2009	OSI-TRUST	State failures, grant seeking, risks of corruption in the Hungarian electricity sector	study	Budapest Corvinus University Corruption Reserach Institute	state administration
2009	OSI-TRUST	Control Energy Project aims to present the failures of state system and decision making processes in the field of energy and initiate to find possible solutions	studies, pragmatic articles, data requests	Hungarian Civil Liberties Union, Budapest Corvinus University Corruption Reserach Institute	state administration, civil society, media
2009	Norwegian Financial Mechanism	Renewable energy legislation. Development of proposal how to incite renewables.	study, proposals, conference	Companies and organisations of renewable energies, state institutions	state administration, lobby organisations

2009	Visegrad Fund	Participation of the public in the process of Mohovce power plant enlargement.	capacity building	ZaMatkuZem (SK), Hnuti Duha (CZ), Middle-Danube-valley Environmental Authority, Greenpeace	municipalities, civil society
2008	Norwegian Financial Mechanism	Status analysis of geothermic energy through involving stakeholders and experts.	statement	Companies and organisations of renewable energies, state institutions	state administration, lobby organisations
2008	Energia Klub	Based on questionnaires and interviews of solar panel and collector distributor, up-to-date information on the Hungarian solar market.	booklet	-	lobby organisations, companies
2008	Energia Klub	Status report of the whole Hungarian renewable energy sector	booklet	-	state administration, companies, investors
2008	Norwegian Financial Mechanism	Analysis of the introduction of Energy Performance of Buildings Directive, involving different stakeholders	statement	Experts, lobby organisations, state offices	state administration
2008	Ökotárs Foundation	Economical risks of nuclear energy for politicians	booklet	-	state administration, civil society
2008	Agreenet, EU	„A Critical Assessment of Energy Markets” analysis in 8 South and CE Europe.	study	AGREENET	EU, state administration
2007	Greenpeace	Up-dates and amendments for Greenpeace’s „Energy revolution” study booklet	publication	-	state administration
2007	WWF	WWFs’ project „Carpathians” background study, on renewable energy use of the region. „Energy in the Carpathians”	study	-	regional stakeholders
2007	Ministry of Environment and Water	The general problems of biomass utilization for energy purposes	decision supporting study	-	state administration
2007	Ministry of Environment and Water	Administrative barriers to wind energy utilization and the factors influencing social acceptance of wind energy	study	-	state administration

2007	Ministry of Environment and Water	Possibilities of integrating small generating capacities into the domestic grid, Smart Grid	civil study	-	state administration
2006	Ministry of Environment and Water	Decision preparation study National Climate Protection Strategy	civil study	-	state administration
2006	ELTE University	Preparation of the Hungary's Sustainable Energy Strategy	civil study	-	state administration

### Education and training

	<b>Procurer/main sponsor</b>	<b>Description</b>	<b>Output</b>	<b>Partners</b>	<b>Target group</b>
2009	Norwegian Financial Mechanism	„Every little helps” low budget energy efficiency investments	Consultancy, trainings	Red Cross Pest County	people with less opportunities
2009	Companies	Trainings and lecture for companies employee on energy efficiency	Training	-	employees
2008	EU IEE	Educational material for students and teachers about climate change	„Measure yourself” educational booklet about climate change	Ecofys.nl,	primary schools
2007	REC	Participation in the compilation of the study material for REC „Kyoto in Homes”, expert opinion	„Kyoto in Homes” study material	-	primary schools
2007	Agreenet	Presentations on energy policy and climate change	3 ppts	-	civil society
2007	Visegrad Fund	Study material on climate change	Folders, CDs, description and slides	Hnuti Duha, Agreenet	primary schools
2007	Ministry of Environment and Water	Energy efficiency, renewable energy, non-renewable energy, and climate protection	Posters, interactive poster	OFI	primary schools

### Awareness raising projects and activities

	<b>Procurer/main sponsor</b>	<b>Description</b>	<b>Output</b>	<b>Partners</b>	<b>Target group</b>
2009	National Development and Economy Ministry	„Lakcímke” information campaign on the entry of EPBD.	Publication, website, <a href="http://www.lakcimke.hu">www.lakcimke.hu</a>	Junkers-Bosch, Fundamenta, Metro, Knauf, CIB, Greentech, Baumax	public
2009	Norwegian Financial Mechanism, FP6	Climate Guide, methodological guide how to develop climate change strategies, for municipalities.	Publication	ETETESZ	municipalities
2009	KVVM, IEE	Examples to follow. Energy efficiency and renewable energy investments for municipalities.	Publication, online database on a webpage <a href="http://www.energy-bestpractice.eu">www.energy-bestpractice.eu</a>	-	municipalities
2009	Well Advertising Company	„Egy mozdulat kampány/One movement campaign”. Writing background materials, consultancy, trainings.	Campaign	-	young people
2009	Klub Rádió	„Dinamo project” background studies for awareness raising program of Klub Radio	Background studies	Waste Prevention Alliance, WWF, Association of Conscious Consumers, KÖVET Association for Sustainable Economies, Friends of the Earth Hungary, Biking Hungary Association	public
2009	Concerto, FP7, Norwegian Financial Mechanism	Communication of the demonstration „Faluház/Village block” project – energy efficiency and renewables reconstruction of a block house	website, <a href="http://www.faluhaz.eu">www.faluhaz.eu</a>	-	public, media

2008	Energia Klub	Map and database of all power plants of Hungary	Database, map, study	-	Media
2008	Visegrad Fund	Successful investment, use of renewable energy sources and energy efficiency in Central and Eastern Europe	<a href="http://energy-bestpractice.eu/">http://energy-bestpractice.eu/</a> website	Hnutí Duha, Polsky Grup Ekologiczny, Ecopolis	municipalities
2008	Energia Klub	Handbook on how to lodge a complaint, consumer protection	Publication (second edition)	-	public
2008	British Embassy	Events' CO2 calculator	online available calculator	-	companies
2008	CAN Europe	EUROPE time to lead	banners, website <a href="http://www.timetolead.eu/hu">www.timetolead.eu/hu</a>	-	public
2008	Hungarofest Kht	Change! –national events at 7 places about climate change	7 main event	Emisszió, Reflex, Csemete, ZöldHíd, Ökosz, Kaptárkő, MerlinSzínház	public
2008	European Union Ministry of Local Government and Regional Development	„Lakcímke”, that is aiding the implementation of the building energy efficiency directive (EPBD) with an information campaign	Building energy efficiency „lakcímke” booklet <a href="http://www.lakcimke.hu">www.lakcimke.hu</a>	Junkers, Knauf, CIB, Otthon centrum, Zöldtech	public
2008	Energia Klub	„Utilize the Sun” population open day about renewable energy	Open day, booklet	-	public
2006	Ökotárs	Tchernobyl+20	Booklet, postcard	Emisszió, Reflex, Csemete, ZöldHíd, Ökosz,	civil society, public
2006	European Union	Green Energy Network – network of consulting offices for the population	Networking, booklet	Greenpeace	public

### Conferences

	<b>Procurer/main sponsor</b>	<b>Description</b>	<b>Output</b>	<b>Partners</b>	<b>Target group</b>
2009	OSI-TRUST	Control Energy Project Sharing studies, opinion and discussion	conference	Hungarian Civil Liberties Union, Budapest Corvinus University Corruption Reserach Institute	experts
2009	KVVM, IEE	Energy for municipalities, 2 times (May, October)	conference	ETETESZ, TÖOSZ,	municipalities
2008	Ökotárs	Prospects of nuclear energy in the 21st century	conference, publication	-	media, experts, civil society
2008	European Union	„Measure yourself” energy efficiency in schools	conference	-	teachers
2006	European Union	V4 countries and climate protection strategy	conference	AGREENET	civil society
